Palmerston, ON 226-622-0954

Health Guarantee

1. The puppy will have been vet checked and deemed in good health at the time of sale.

2. The puppy will be up to date on shots and worming at the time of pick up of the puppy. It is very important that the buyer continues the vaccinations and worming, and it is recommended not to expose the puppy to other dogs that are not vaccinated until the puppy has completed the entire vaccination schedule, around 16-20 weeks old.

3. If within 72 hours, a Licensed Vet finds the puppy to be unhealthy or unfit for sale, the puppy may be returned for a full refund minus the price of deposit – provided the puppy has not been injured or neglected. The veterinarian must provide a written statement deeming the puppy "unhealthy from purchase" and the breeder reserves the right to have the puppy examined by a veterinarian of their choice before any refund is given.

4. This guarantee does not cover any health issues caused by neglect or injury from the buyer.

5. This guarantee does not cover minor illnesses and health issues such as colds, allergies, internal or external parasites, and umbilical hernias. However, the breeder will disclose any known illnesses or health issues prior to the sale.

6. The breeder assumes no responsibility for any medical expenses or any expenses incurred after the puppy leaves the breeder.

7. The breeder does not guarantee size. We can give the buyer the weight of the puppy's parents and the weight of other puppies out of that mating. We can give the buyer an educated guess as to full grown weight, but there are too many variables besides genetics.

8. The breeder does not guarantee fertility or the ability to place in shows. The puppy is strictly sold as a TOP QUALITY PET.

9. The breeder gives a 1 year guarantee for hip and elbow dysplasia, genetic heart issues, and life-threating genetic illnesses. If this should occur, either the buyer will return the puppy to the breeder and the breeder will provide the buyer with another puppy of the same value when there is one available, OR the buyer may keep the puppy and the breeder will refund the buyer 50% of the purchase price of the puppy. In this situation, the breeder reserves the right to have the puppy examined by a vet of their choice before any refund is given.

10. If for any reason the buyer is unable to keep the puppy, this Health Guarantee is not valid.

12. For the health guarantee to be valid, the buyer must agree to sign up for medical insurance from Trupanion for the first 30 days after receiving the puppy. This medical insurance is offered for free for the first 30 days.

13. If the buyer agrees to the above conditions and also has their puppy on NuVet Plus vitamins, as well as feeding quality food which the breeder recognizes, the guarantee is valid for **4 years**. The code to order vitamins is 338806, and the phone number is 800-474-7044.

No other agreement is made or implied, except as stated in this health guarantee and the purchase agreement/contract.

By signing below, the Breeder acknowledges that they have read and understand the above Health Guarantee and agree to the terms therein.
